RE: Richardson Flat Tailings Site  
Park City, Utah

Dear Mr. Gee:

Pursuant to the authority contained in Section 104 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. §9604, the United States Environmental Protection Agency (EPA) determined that there was a release or substantial threat of a release of a hazardous substance (as defined by §101(14) of CERCLA) from a facility known as the Richardson Flat Tailings site, located approximately three and one-half miles northeast of Park City, Utah. EPA undertook response actions pursuant to Section 104 of CERCLA, 42 U.S.C. §9604, including assessment of the site and activities to determine the nature and extent of contamination.

EPA previously provided notice to you that United Park City Mines Company (United Park) was a party who may be liable for money expended by EPA to take response action at the site. EPA offered United Park the opportunity to voluntarily take the action necessary to abate any releases or threats of release of hazardous substances from the site or to reimburse EPA for actions taken. While United Park entered into an Administrative Order on Consent for Remedial Investigation/Feasibility Study (Order) in September 2000, past response costs incurred by EPA were not addressed in that Order, and EPA has not been reimbursed for funds expended under the authority of CERCLA to perform necessary activities at the site.

The cost as of September 30, 2001, of the response actions related to the site through EPA funding is approximately \$562,231. Enclosed are itemized cost summaries documenting these costs. This statement of expenditures is preliminary and does not limit EPA from providing a revised figure if additional costs are identified.

Printed on Recycled Paper

In accordance with §107(a) of CERCLA, demand is hereby made for payment of the above amount plus any and all interest recoverable under §107 or any other provisions of law.

EPA anticipates that additional funds may be expended on the site. Whether EPA funds the entire response action or simply incurs costs by overseeing the work of United Park in accordance with the terms of the Order, United Park is potentially liable for the expenditures plus interest.

Interest on past costs incurred shall accrue from the date of this demand for payment or any earlier demand, whichever is earlier; interest on future costs shall accrue from the date of expenditure, pursuant to CERCLA §107(a), unless otherwise agreed to under the Order. Interest rates are variable. The rate applicable on any unpaid amounts for any fiscal year is the same as is specified for interest on investments of the Hazardous Substance Superfund which is determined by the Department of the Treasury. The current annual rate of interest on unpaid costs is 3.53%.

EPA is not required by CERCLA to issue a written demand for recovery of prejudgment interest. However, the date a written demand is made may be used by a court in determining that date from which prejudgment interest begins to accrue.

The following parties are also receiving a letter seeking reimbursement of the costs identified herein:

Atlantic Richfield Company  
333 South Hope Street  
Los Angeles, California 90071

Noranda, Inc.  
181 Bay Street, Suite 1400

Toronto, Ontario, Canada M5J2T3

ASARCO Incorporated  
c/o Don Robbins  
3422 South 1700 West  
Salt Lake City, Utah 84119

While your liability is joint and several, you and other parties may allocate among yourselves the costs to be paid to EPA. Enclosed is a draft Agreement for Recovery of Past Response Costs that may be used to document a agreement among all the parties.

Remittance must be made payable to the U.S. EPA Hazardous Substance Superfund, established pursuant to CERCLA in Title 26, Chapter 98 of the Internal Revenue Code, and must reference the Richardson Flat sit. Please send your remittance to:

If you desire to discuss your liability with EPA, please contact Andrea Madigan, Enforcement Attorney, in writing at US EPA Region 8, Office of Enforcement, 999 18<sup>th</sup> Street, Suite 300, Denver Colorado 80202, not later than thirty (30) day after the date of this letter. Ms. Madigan may be contacted by telephone at 303-312-6904.

If you fail to respond to this demand within thirty (30) days, EPA will conclude that you refuse to reimburse the Hazardous Substance Superfund for site expenditures. Consequently, EPA may pursue civil litigation against you pursuant to CERCLA §§ 106(a) and 107(a), 42 U.S.C. §§9606(a) and 9607(a).
